

## Let Military Officials Speak Out, Ike Urges

WASHINGTON (AP) — Former President Dwight D. Eisenhower urged today that top military and civilian leaders be encouraged to speak out against the dangers of international communism.

Eisenhower offered this advice in a statement sent to a special Senate investigating committee, and made public as it opened hearings on charges the Pentagon "muzzles" anti-Communist speeches by military leaders.

"I say, let the military speak, always under properly established policies and the general—not petty—supervision of their civilian superiors," Eisenhower said in his letter to Sen. John C. Stennis, D-Miss., chairman of the inquiry.

"In half a century of national service, I have yet to meet the American military officer who viewed himself as a budding Napoleon, or even a Rasputin, and I suggest it is worthy of note that in recent world history the three major dictators, Hitler, Mussolini and Stalin, came from civil life."

As the hearings began, it was learned the senators have obtained some information that Secretary of Defense Robert S. McNamara declined to give them the names of individuals in the Defense Department who blue-penciled specific speeches.

In declining to give these names, McNamara took a stand that he was assuming full responsibility himself for what had been done. The senators got the names from the men themselves.

Stennis said he and Sen. Leverett Saltonstall, R-Mass., senior Republican on the group, visited with the former president at his Gettysburg, Pa., estate and discussed with him the issues under inquiry. He said that resulted in the Eisenhower memorandum.

The Senate inquiry stemmed from complaints by Sen. Strom Thurmond, D-S.C., against Pentagon policy in relation to speeches by military officers. It was Thurmond who called it "muzzling."

McNamara, in testimony before the Senate Armed Services Committee last year, disputed Thurmond's version of Pentagon policy but related that texts of prepared speeches by military officers were read and some parts eliminated.

McNamara did provide a list of the names of 14 censors, without disclosing which had handled specific speeches. Thurmond said subcommittee investigators had obtained that information by checking with the censors themselves.

Thurmond said it seems "they were merely carrying out orders." He said some of them would be witnesses at later hearings.

Thurmond set off the investigation with a series of Senate talks charging that anti-Communist phrases had been stricken from many speeches by censors.

Thurmond told a reporter in advance of the hearings: "I think the President should have taken action before now to stop this muzzling. I don't mean just the Kennedy administration — this practice goes back through several administrations. But this (censoring) has been stepped up in this administration."

McNamara maintains there has been no muzzling and that the editing of prepared speeches of military men was designed to keep their public views in line with national policy.

## Gas Merger Case to High Court

LITTLE ROCK (AP) — Wiley A. McGhee of McGhee, who objects to a merger of MidSouth Gas Co., in which he is a stockholder, with Arkansas Louisiana Gas Co., has again taken his case to the state Supreme Court.

McGhee asked the court Monday to reverse the state Public Service Commission order approving the merger and the stock exchange involved.

The PSC order has been upheld by Pulaski Circuit Judge Guy Amster.

In November, McGhee asked Pulaski Chancellor Murray O. Reed to block the merger, but Reed refused and McGhee appealed to the Supreme Court for an order to hold up the merger temporarily.

The court declined and that case still is pending.

## Terrorist Explosions Rack Algiers

By ANDREW BOROWIEC  
ALGIERS (AP) — Terrorists replied with gunfire and explosives today to plans of French authorities to clamp tight traffic and other restrictions on three of Algeria's largest cities.

Jean Morin, chief government representative in Algeria, ordered the special control measures for Algiers, Oran and Bone Monday night in an effort to stop the war between European and Moslem terrorists.

But terrorist gunfire left two Europeans and a Moslem dead and nine Moslems wounded in Algiers today.

In Oran a terrorist shot a European to death and a European crowd in retaliation killed a Moslem flower seller who had a dagger hidden in his flower basket.

In Bone, an explosive charge damaged the stern of the steamship Djebel Dira, which was preparing to sail with a company of riot police being transferred to France. The ship will have to go into drydock for repairs.

Four persons were killed and 18 wounded in terrorist attacks and seven Moslems were killed by police Monday.

Authorities said the terrorist attacks showed the necessity of immediate application of the new security measures — including roadblocks, traffic curfews and troop cordons.

They said it would be some time, however, before they could be put into effect because of a shortage of troops.

The city's public transport system was strickenbound for the sixth day, and European doctors were in the second day of their 48-hour strike. Bus drivers and doctors are demanding police escorts, but authorities say they do not have enough manpower.

Only two roadblocks guarded approaches to Algiers this morning. Cars were not being searched and there were few signs of increased patrols as planned under the new degrees.

## J. M. Arnold, 48, Dies Sunday at Shreveport

Jimmy M. Arnold, aged 48, a resident of this area, died Sunday in a Veterans hospital at Shreveport.

He is survived by his wife, Mrs. Julia E. Arnold and a son, Walter E. Arnold, both of Texarkana; his parents, Mr. and Mrs. Ben L. Arnold of Hope, four sisters, Mrs. J. R. Percell, Mrs. Royce Collier and Mrs. Bernice Hopson of Hope; Mrs. Roy Marcell of Waco, Texas; three brothers, P. L. of El Dorado, Roy of San Diego and Cecil Arnold of Ft. Knox.

Funeral services will be held at 11 a. m. Wednesday at Herndon-Cornelius Chapel by the Rev. Merlin Cox, assisted by the Rev. Hotlin. Burial will be in Memory Gardens.

## Bell Improvements

BLYTEHVILLE, Ark. (AP) — Southwestern Bell Telephone Co. will spend \$2 million here in expansions and improvements. A direct long-distance dialing system and a new two-story downtown telephone building will be part of the project, the company said Monday.

## County Taxing Units to Meet

A meeting of all taxing units of Hempstead County has been called for 7:30 tonight at the Courthouse. Besides officials of incorporated towns, school boards, etc., any interested person is invited.

## Latins Cool to U. S. Try to Censure Cuba

By WILLIAM L. RYAN

PUNTA DEL ESTE, Uruguay (AP) — The Inter-American foreign ministers conference on Cuban communism split into three blocs today in wrangling over how best to deal with Prime Minister Fidel Castro's threats to hemispheric unity.

Argentina, one of the biggest and most powerful nations, warned other members that the Organization of American States faces a danger of disintegration unless a compromise formula is found.

A U. S. spokesman still expressed hope the meeting would result in some indictment of the Castro regime, but the situation remained extremely fluid.

Brazil, leader of the antipunishment bloc, obviously has not budged an inch after two days of behind-the-scenes bargaining over whether to punish Castro with diplomatic or economic penalties or adopt a soft approach.

"There is little prospect of complete accord at this conference," a Brazilian spokesman said.

Brazil, the largest Latin-American nation, pushed for a second postponement of the formal speeches which could freeze the positions of the 20 inter-American nations considering the case of Cuba, the 21st. Brazil wants another day to trade views and proposals privately.

The first plenary speech-making session was scheduled tonight.

Robert F. Woodward, assistant secretary of state for inter-American affairs, said in an interview that the United States is hopeful the member nations will get together toward a common front — not necessarily on the position of the United States.

Woodward indicated no precise formula has yet been worked out which could meet with the approval of all the participants, but he looked for developments by Wednesday night.

Other U. S. sources felt anything could happen, but expressed optimism that some sort of condemnation will be voted by a majority if not the desired two-thirds majority of the Organization of American States.

The conference had taken on the

## Murder Filed in Hit-Run Death Here

A charge of first degree murder has been filed against Eddie Muldrow, 35 year old Hope Negro who was arrested yesterday for the hit and run slaying of Leon Booker, 40, Negro. The incident occurred near Washington.

The charge was filed late last night by Deputy Prosecuting Attorney John L. Wilson. A day long investigation by officers led to the murder charge.

Sheriff Jimmie Griffin and State Police Sgt. Milton Mosier said the two Negroes had trouble earlier Sunday night over a watch. They said the tracks of the car showed on the shoulder of the Highway at the point of impact and that Muldrow's car was damaged on the right side.

## Former Hempstead Teacher to Be Buried at Columbus

Mrs. Myrtle Hill Wilson, who taught school in Hempstead and Miller counties for many years, died Monday afternoon at her son's home in Houston. She was born in Columbus on Dec. 30, 1875.

Survivors include a son R. M. Wilson of Houston, a stepson T. C. Wilson of Jacksonville, Texas two sisters, Mrs. W. Mulkey of Horatio and Mrs. J. R. Dodson of Texarkana.

Requiem Mass will be said at St. Anne's Catholic Church in Houston at 11 a. m. Wednesday and burial will be in the Stuart Cemetery at Columbus, Ark at 11 a. m. Thursday.

## Elderly Man Hit by Auto Here

Dink Starks, elderly Hope man, was injured yesterday when hit by a car as he crossed the street at Main and Division. City Police said the car was driven by Jam's Edward McDonald, Negro, who was charged with failure to have a driver's license and hazardous driving following an investigation. Starks is not believed seriously hurt.

SNOWSLIDE KILLS SEVEN — RESCUE workers use a bulldozer to move tons of snow as they search for possible victim of a snowslide that roared down the slopes of Mt. Elbert in Twin Lakes, Colo., and killed seven persons. Two other persons were injured in the slide that covered three houses with 14 feet of snow. — NEA Telephoto

## Against TV Program Control

WASHINGTON (AP) — Strong opposition to any federal regulation of network television program control was voiced today by Dr. Frank Stanton, president of the Columbia Broadcasting System.

Instead, Stanton advocated more competition through more TV stations and networks.

Increased competition, Stanton said in testimony prepared for a Federal Communications Commission hearing, would result in program improvement.

He said the improvement would come through "competition for the attention and approval of a free people able to make up its own mind."

FCC officials, however, concerned by the control networks exert over viewing fare of the American public, say the question is not whether TV networks should be regulated but what kind of regulation is needed.

Stanton was the first witness as the FCC began three weeks of hearings on network influence on programming. Additional CBS witnesses will be heard this week, followed by representatives of the National Broadcasting Co., and the American Broadcasting Co. during the next two weeks.

"The question is not whether television should be constantly improved toward realizing its enormous potential, but what roads are to be taken to reach that potential and from where," Stanton said.

"What we have been seriously concerned about is a drift toward indirect, but nevertheless effective program control by the government."

In outlining the issue of the hearing, FCC officials stressed they had in mind regulation of network programming — not licensing, as it applies to individual stations.

The hearings will be video taped on a pool basis and made available to all three networks.

## Hope Couple Hurt in Accident

Mr. and Mrs. W. B. Ruggles of the Shover Springs community were injured Saturday near Arkadelphia when their truck overturned at the foot of an icy bridge. Both were thrown from the truck but received only minor injuries.

Both were hospitalized in Arkadelphia following the accident. Mr. Ruggles was discharged the next day and Mrs. Ruggles was scheduled for release today.

## Testimony in Murder Trial

JONESBORO, Ark. (AP) — Testimony begins today in the second degree murder trial of Mrs. Mary Lou Henson 19, of Jonesboro, who is charged in the death of her 19-month-old stepdaughter.

An all-male jury was selected Monday to hear the case in Craighead Circuit Court.

Deputy Prosecutor Gerald Pearson said he would try to prove that the baby, Christine, died from blows inflicted by Mrs. Henson on Dec. 31, 1960.

Mrs. Henson's attorney, W. B. Howard said he would tell the jury the child died after falling from a chair and down a flight of stairs.

The woman pleaded innocent after she was indicted by a Grand Jury in April, 1961. She failed to appear for trial last fall, and was returned to custody Nov. 17 and held in lieu of \$15,000 bond since then.

## Passports of Top Reds Revoked

WASHINGTON (AP) — State Department officials said today they have notified several top U. S. Communists that their passports are being revoked.

The action has been taken under new passport regulations barring passports for known Communists.

Under the notices sent out by mail, the recipient is supposed to turn in his passport in 30 days or he can appeal the action against him. If he appeals, the regulations provide that he can confront any evidence against him.

Because of this, the passport revocations are being applied only to those against whom passport officers believe they have evidence which can stand up in open hearings.

State Department authorities declined to make public the names of persons to whom the passport revocation notices have been sent.

## Films May Show Plane Was Spying

By BENNET M. BOLTON

ROME (AP) — NATO experts today were completing development and study of films from the Bulgarian jet that crashed near a secret NATO base in southern Italy. The pictures were expected to prove that the young pilot was on a spy mission.

The Italian Defense Ministry in a communique Monday said a "final judgment on the nature of the episode" could not be given yet. But it said there were "indications of a true and proper case of aerial espionage" which needed only to be "further substantiated."

One high Italian government official went farther.

"We can say now that the mission of the Bulgarian aircraft was unfriendly," he said. "We expect to state flatly in the next few days that the plane was flying a spy mission."

A Defense Ministry source predicted that the Bulgarian pilot, Lt. Miluse Solakov, 22, would be put on trial by the Italians for espionage.

## R. Kennedy Declines Soviet Visit

By LARRY OSIUS

WASHINGTON (AP) — Atty. Gen. Robert F. Kennedy has declined an informal invitation to visit the Soviet Union next month on his trip around the world. But he says he looks forward to visiting there in the future.

Kennedy issued a statement Monday night following a day of speculation about the meaning of the Soviet invitation.

The brother of President Kennedy said: "I have received an informal invitation to visit the Soviet Union during my currently planned trip."

"My travel plans, however, have been completed for some time and I will not be able to alter them at this time. I will, however, look forward to visiting the Soviet Union in the future."

Neither Kennedy, the Justice Department nor the White House would say who issued the invitation. A Justice Department spokesman said it was received last Thursday.

The decision apparently was reached after discussions among the attorney general, the President and Secretary of State Dean Rusk.

The younger Kennedy and his wife, Ethel, will be making good-will visits to Japan, Indonesia, Iran, Germany and the Netherlands, ending about Feb. 26. Last August they made a similar trip to West Africa.

## Seeks Senate Seat

HOT SPRINGS, Ark. (AP) — Garland Rep. Eugene (Bud) Canada, has said he will run for state senator in Position Two, 11th Senatorial District. Sen. Q. Byrum Hurst is the incumbent, and already has announced for re-election. The district includes Garland, Hot Springs, Saline and Clark counties.

## Named to Board

LITTLE ROCK (AP) — Gov. Orval E. Faubus has reappointed Dr. John Sneed of Conway to the Board of Arkansas State Teachers College for seven more years. Faubus named Mrs. J. C. Park and Alvin Bell to the Prairie Battlefield Commission.

## 2nd Contract on Fallout Shelter

LITTLE ROCK (AP) — The Little Rock architectural firm of Trapp, Clippard and Helms has been awarded a second contract by Army Engineers in connection with the current fallout shelter program in Arkansas.

The firm recently completed a pre-survey investigation of structures in nine counties and part of another in central and southeast Arkansas. The second contract, announced Monday, calls for the actual survey of structures which might be suitable for conversion to fallout shelters.

The contract includes the north half of Pulaski County and these other counties: Arkansas, Chicot, Desha, Lee, Lonoke, Monroe, Phillips, Prairie and St. Francis.

## Urban Bill Needs Help From GOP

WASHINGTON (AP) — Speaker John W. McCormack, D-Mass., in effect conceded today, after talking with President Kennedy, that Republican votes will be needed to get the Kennedy bill to create a department of urban affairs before the House for a vote.

McCormack and other Democratic leaders had breakfast with Kennedy.

Afterward, McCormack told newsmen the urban affairs bill was the only subject of discussion. He said Kennedy reiterated his deep interest in the legislation.

McCormack said the House Rules Committee is scheduled to vote on the bill Wednesday.

Unless it clears that committee for floor action, it is believed to have scant chance of passage.

There are 10 Democrats and 5 Republicans on the committee.

McCormack said he hopes the five Republicans will not vote unanimously against sending the bill to the floor.

Asked whether the bill might clear the committee without the aid of Republican votes, McCormack refused to make any prediction.

He avoided saying how the 10 Democratic members will vote, other than to say the count will be decidedly in favor of sending the bill to the floor for a vote.

## Husband Is About to Win a Bet

CLARE, Mich. (AP) — Sandra Wedal was among the scoffers who bet that her husband couldn't last eight days in the snowy woods.

She and 14 friends bet \$10 each that Tony Wedal couldn't take the zero weather with only a tent as a shelter and on a diet of dehydrated foods.

Mrs. Wedal now is about ready to concede that her husband, who calls himself an indoorsman, will win the \$150 bet.

Wedal, 33, reaches the half-way mark today and he's going strong. Dr. J. R. Gerson examined him Monday at the campsite on the shores of Lake Beche several miles from Wedal's Clare home and reported he is in fine health.

Mrs. Wedal said she bet against her husband because she considered it all a joke last December when he boasted he could survive in the woods. Friends dared him to try it.

"From all reports now I expect to lose \$10," said Mrs. Wedal, a note of pride in her voice. "They say he's never been healthier and he's already got rid of a slight cold he had when he went into the woods."

Wedal had never attempted roughing it before. His hobbies are progressive jazz and reading.

Wedal, a state probation officer, walked into the woods at 1 p. m. Friday. Under terms of the bet, his only supplies were what he could carry on his back. He figured on supplementing his diet with fish from the lake.

Courtney Bauer, owner of a flying service here, flew to Wedal's camp Monday to make a daily checkup. He found Wedal chopping wood.

"He hasn't had any time to do much ice fishing yet," Bauer said. "He's too busy cutting wood to keep his fire going."

## Rain Stops But Freezing Stays in Arkansas

By THE ASSOCIATED PRESS

The rain had stopped in Arkansas today, but temperatures remained below freezing throughout most of the state.

The Highway Department said there were slick spots and ice spots on roads in nearly all areas as a result of the freezing rain, which set in Sunday night and didn't let up until Monday night.

Traffic was moving in all sections, although slowly in some, the department said.

Overnight temperatures fell to as low as 11 degrees at Harrison and 12 at Fayetteville.

Little Rock and other central Arkansas areas got the brunt of the rain.

Little Rock recorded 3.57 inches between 6 p. m. Sunday and late Monday night.

Heavy flash flooding was reported in some low-lying sections, and police had prepared to evacuate families if necessary.

The need didn't materialize.

By THE ASSOCIATED PRESS  
California's heaviest metropolitan snowstorms in years began a retreat to the 2,000-foot level in the mountains today, leaving a trail of blocked highways, closed schools, flooded intersections and melting snowmen.

Flakes at the Los Angeles Civic Center, flurries on Palos Verdes Peninsula and several inches of snow in higher suburban areas were but a sample of what made Southern Californians shiver—and kids whoop with delight—Monday.

San Francisco's heaviest snow in 65 years kept Northern California cold, too, though Bing Crosby's golf tournament on the Monterey Peninsula dug out and finished play.

The weatherman forecast near-blizzards in mountain areas just north of Los Angeles but said downtown temperatures might be slightly warmer than Monday's low of 39 degrees. The high was only 49.

Where it wasn't snowing, it was raining, or sleeting, or hailing. Thunder clapped and lightning flashed as gusty winds blew. The rain was expected to continue another day. The snowfall was Southern California's worst since 1949.

The rainfall in Los Angeles measured 2.35 inches.

Police blamed the weather for two traffic fatalities, one in Los Angeles and one west of Maricopa. Snow marooned 300 cars in

## Children's Welfare Worker Here

Mrs. Edmund Cargill has accepted a position as Children's Worker in a three county district, Lafayette, Miller and Hempstead. This is a promotion with the Arkansas State Welfare Department. Her duties involve working with county judges on juvenile court problems; working with prosecuting attorneys in cases of minors brought into circuit court; doing independent adoption studies and reporting on referrals from Industrial Schools. The County Welfare Departments will feel free to call upon her to assist in problems involving children in this area.

Mrs. Cargill says she is finding this service long overdue in this part of the state and much appreciated by county judges and prosecuting attorneys.

Mrs. Cargill's office is located in the First National Bank Building and Mrs. Jack Webb is employed as stenographer.

## Final Rites for T. F. Norman

Funeral services for Tom F. Norman, 77, Fulton, who died Sunday, will be held at 2 p. m. Wednesday at Herndon-Cornelius Chapel. Burial will be in Westmoreland Cemetery.

## Waives Ruling

VAN BUREN, Ark. (AP) — The state Board of Health has waived its condemnation ruling on the Van Buren sewer system so the city can build a \$1 million 80-unit housing project. Mayor Allen Toothaker said. But, the mayor said, the condemnation still prohibits any other connections to the present sewer system.

## Weather

Total precipitation during December 6.90 inches; during the year, 58.09 inches; Total rainfall during the previous year, 50.93 inches.

Experiment Station report for 24-hours ending at 8 a. m. Tuesday, High 65, Low 27; 2-day precipitation 1.01 inches.

ARKANSAS: Considerable cloudiness south to partly cloudy north and colder this afternoon and tonight. Wednesday partly cloudy and not so cold. High this afternoon 20s northwest to 30s southeast. Low tonight 10-15 north to 20 south. High Wednesday in the 30s.

## Shell Oil Ad Drive Gets Top Results

Shell Oil Company, which con-  
centrated the bulk of its 1961 con-  
sumer advertising budget in daily  
newspapers, is gaining gasoline  
sales at a significantly greater  
rate than the industry as a whole.  
This news is substantiated by  
industry records covering gaso-  
line sales for the first ten months  
of 1961. The trend appears to  
continue, according to a state-  
ment released by the Bureau of  
Advertising of the American  
Newspaper Publishers Associa-  
tion.

Charles T. Lipscomb, Jr., pre-  
sident of the Bureau, said, "The  
Shell people feel that their 1961  
newspaper campaign has been an  
important factor in Shell's accel-  
erating sales picture."

Shell's 1961 newspaper campaign  
was prepared by Ogilvy, Benson &  
Mather, the advertising agency  
for all Shell's product advertising.  
Starch readership reports, con-  
ducted while the 1961 campaign  
was running, gave early indica-  
tions that the Shell campaign was  
being noticed and read. Twenty-  
one Shell advertisements were  
rated by Starch and every one of  
them beat the eight-year average  
for "noting" of gasoline adver-  
tisements. Thirteen beat the all-  
time record. Readership ratings  
were equally impressive. Eight  
of the advertisements rated scored  
at least double the average for  
gasoline advertising.

C. F. Martineau, Shell's adver-  
tising manager, commenting on  
the Bureau's statement, said:  
"Our 1961 campaign seems to  
have done a fine job in meeting  
the objectives we had for it. Our  
own consumer studies indicated  
that it has registered our sales  
messages and the present com-  
petitive sales picture seems to con-  
firm this finding."  
Mr. Martineau also confirmed  
that Shell would stick to its basic  
advertising message in 1962—"To-  
day's Super Shell gasoline has  
nine ingredients to give your car  
top performance." Newspapers  
will continue to play a major part  
in delivering this message. Ac-  
cording to present indications,  
Shell will spend more money in  
newspaper advertising during 1962  
than any other petroleum com-  
pany.

## Nepal King Has Escaped Threat

NEW DELHI, India (AP)—King Mahendra of Nepal escaped a bomb attempt at Janakpur, 78 miles southeast of Kathmandu, Monday, the Nepalese Embassy announced tonight.

The king has been touring southeastern Nepal where wide-spread incidents created by armed bands opposing his rule have been reported. The incidents have included attacks on police outposts and tax collectors.  
Supporters of former Premier B. P. Koirala, deposed by the king 13 months ago, have been trying to create popular pressure against Mahendra or force a revolution in an effort to restore representa-  
tive government.

## Film May

Continued From Page One

as American U2 pilot Francis Gary Powers was by the Russians.

If convicted of espionage, Solakov could get 5 to 15 years in prison. The Russians sentenced Powers to 10 years.  
Solakov was held under guard at the civil hospital at Acquaviva. Italian intelligence officers planned to start questioning him after he is transferred to a military hospital in Bari. Doctors said he was recovering from fractures of the left collar bone and left arm and a head concussion, but the fractures were complex and it would be awhile before he could be transferred.

The Defense Ministry commu-  
ique said Solakov, after he was  
pulled from the wreckage of his  
jet Saturday, "said that he es-  
caped from Bulgaria in order to  
evade the political regime of that  
country" and "asked not to be put  
into contact with Bulgarian dip-  
lomatic authorities in Italy."  
An authoritative Foreign Minis-  
try source commented that "the  
fact that the pilot asked for politi-  
cal asylum does not change the  
nature of his mission."  
The Bulgarian minister in Rome  
sought an interview with the pilot,  
but the Italian Foreign Ministry  
deferred action until after further  
investigation.  
The Bulgarian government  
claimed the pilot lost his way on  
a routine training mission.

## Tragedy at Newburgh

Editorial, Dallas News

FINAL DEFEAT of the contro-  
versial Newburgh, N. Y., welfare  
code proved conclusively that  
wherever the federal government  
gets financially involved in a local  
project, control by local govern-  
ment is destroyed.

For the past six months, since  
the announcement of a 13-point  
program of "welfare sanity" by  
its city manager, Joseph Mitchell,  
the small Hudson River town of  
Newburgh has been a symbol of  
courage.

Its common-sense approach to  
the problem of public welfare  
abuse and corruption has been ap-  
plauded by citizens and govern-  
ment officials everywhere in  
America — everywhere that is,  
except in New York City, the state  
capital at Albany and in Wash-  
ington.

NEWBURGH has been fighting  
an uphill battle to maintain its  
right to decide how its own wel-  
fare program is to be conducted.  
After years of abuse and pub-

## Cubans Claims U. S. Agents Are Shot

MIAMI, Fla. (AP)—Cuban fir-  
ing squads in Havana have exe-  
cuted two men identified by the  
Fidel Castro government as cap-  
tured agents of the U.S. Central  
Intelligence Agency, it was re-  
ported here today.

Reliable sources said Capt. Pe-  
dro Isaias Iglesias Pons and Pe-  
dro Lopez Perez, who were  
questioned on Cuban television  
Dec. 23, were shot last week.

The Cuban government accused  
them of being saboteurs sent into  
Cuba from Miami.

Lopez Perez said on the broad-  
cast in answer to questions that  
he fled Cuba illegally in a small  
boat and met with anti-Castro  
Cubans in Miami. Iglesias had  
little to say on the program moni-  
tored in Key West, Fla.

Another item of \$100,000 for a  
survey on the White River basin  
includes money for a continued  
study of the proposed Lone Rock  
and Gilbert dams on the Buffalo  
river, a White river tributary.

These two dams haven't yet  
been authorized but Trimble hopes  
to bring this about before too  
long.

The biggest single item in the  
budget for Arkansas is \$18 million  
for bank stabilization and channel  
rectification work on the Arkan-  
sas river. This work is needed to  
help tie down the navigation  
channel.

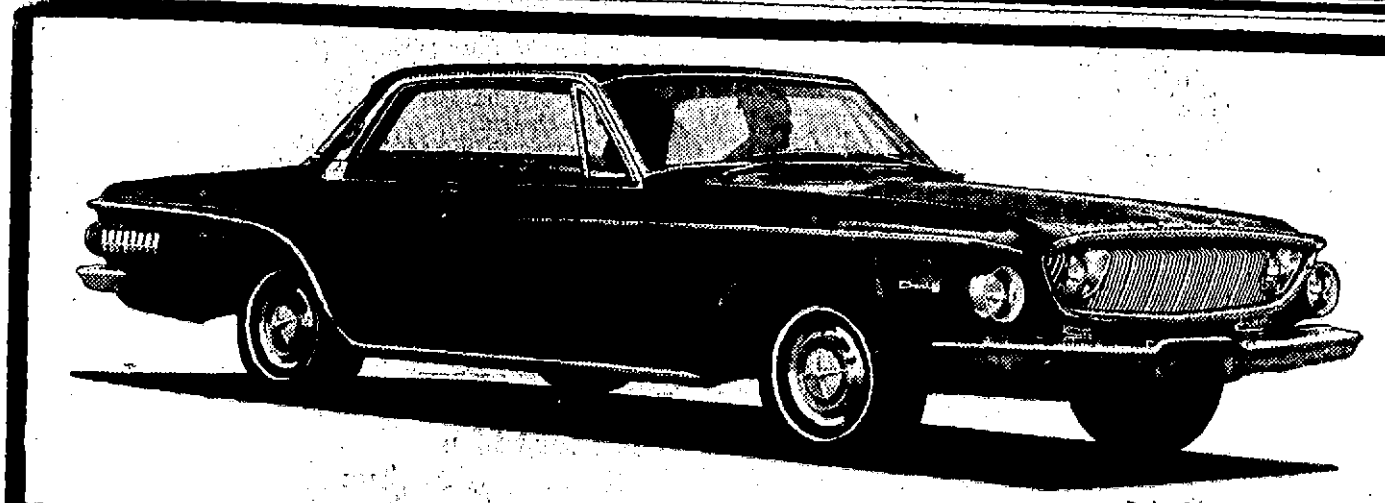

Next biggest item is \$16 million  
to continue work on the Dardanelle  
dam — a power-flood control-rec-  
reation dam on the Arkansas.

Inclusion of planning money for  
Ozark Dam in Arkansas and Short  
Mountain in Oklahoma means that  
construction of those two projects  
— the last two of the big dams in  
the Arkansas river program — will  
be started probably in the year  
starting July 1, 1963.

Completion of these two and the  
remaining navigation locks and  
dam will mean the opening of the  
river to navigation along about the  
target date of 1970 — or earlier.

young drama in

## NEW SIZE DODGE DART-COMPARE IT 6 WAYS FROM SUNDAY

**PRICE.** Car sales are booming. It's a  
great year to get a great deal. But be-  
fore you buy, check your Dodge Dealer.

FORD FAIRLANE	\$2079
MERCURY METEOR	\$2203
THE NEW SIZE DODGE DART	\$2241
CHEVY BISCAYNE	\$2324
FORD GALAXIE	\$2378

The comparison above is based on  
manufacturer's suggested retail  
price of six cylinder 2-door sedans.  
Only white and yellow. Bumpers,  
grilles, other optional equipment,  
state and local taxes (if any) and  
destination charge extra.

**PERFORMANCE.** Dart has the most  
powerful standard six in the business.  
With its standard V6, the car has a  
phenomenal power-to-weight ratio.

**SAFETY.** Dart gives more braking  
power-per-pound than any car near its  
price. As much as 82% more lining  
area. Brakes adjust themselves.

**DEPENDABILITY.** Dart's body is  
completely rustproof. You can go  
32,000 miles between grease jobs. A  
battery saving alternator is standard  
equipment for fast, sure starting.

**COMFORT.** Plenty of headroom and  
legroom. Chair-high seats. Man-size

tires that put plenty of rubber on the  
road. Smooth Torsion-Air ride.

**SIZE.** The new size Dodge Dart is  
two feet shorter than America's largest  
car. Two feet bigger than the  
smallest. It's sized right in the middle.

**SIZED RIGHT IN THE MIDDLE  
OF THE BIG AND LITTLE**

## Waiting Is Hardest Part of Job

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP) — The men and women assigned to cover America's first man-in-orbit flight now are facing the hardest part of their jobs—just waiting.

Millions of dollars worth of photographic equipment is in place. Miles of cable have been strung. Hundreds of technicians and reporters are scattered from New Concord, Ohio, to airplane carriers rolling in South Atlantic waters. They are ready to cover the often-postponed flight as completely as possible for the nation and the world to see.

Originally, the flight was set for today. Now, it is scheduled for Saturday. The three television networks will cover it, of course, and the competition among them is fierce.

The launching and surrounding activity at Cape Canaveral will be covered on a pool basis—all networks will share the same facilities and the same cameras. The recovery of the capsule also will be pooled.

Each network is trying to outdo competition in covering the surrounding story—the "color," commentary by rocket and space experts and reporting on the family of astronaut John H. Glenn Jr.—his parents in New Concord, his wife and children in Arlington, Va.

CBS seems to have tapped Harry Reasoner for increasingly important assignments in the news area. He not only has his own daily show, "Calendar," but is now being used on other shows, including "CBS Reports."

With NBC's Huntley-Brinkley team talked about so much, CBS has had a real personnel problem. Edward R. Murrow once was the network's one big news wheel. Since his departure, Walter Cronkite seems to have been carrying almost all of the special assignment load, a heavy one along with his regular chores on "Twentieth Century."

NBC's "Circus" on Sunday night proved a cursory glimpse of life in the "backyard" of a tent show and a rather shallow and romantic commentary on the life of performers by clown Emmet Kelly.

Mrs. Paul Barnes, after which she led in prayer.

The hostess served coffee, cocoa, and cookies to the 14 members and four children present. Jan, Cathy and Cindy Lee and Bruce Floyd.

### Girl Scout Troop 149 Meets

The Girl Scout Troop 149 met Jan. 19 in the home of Mrs. Steven Bader. The president, Charlotte Moore, called the meeting to order and led the troop in the Girl Scout Promise. Secretary, Susan Clark, read the minutes of the last meeting and Martha Bader read the treasurer's report. The meeting was turned over to Mrs. Bader. The Flag Ceremony, was discussed and the meeting was adjourned.

### Coming and Going

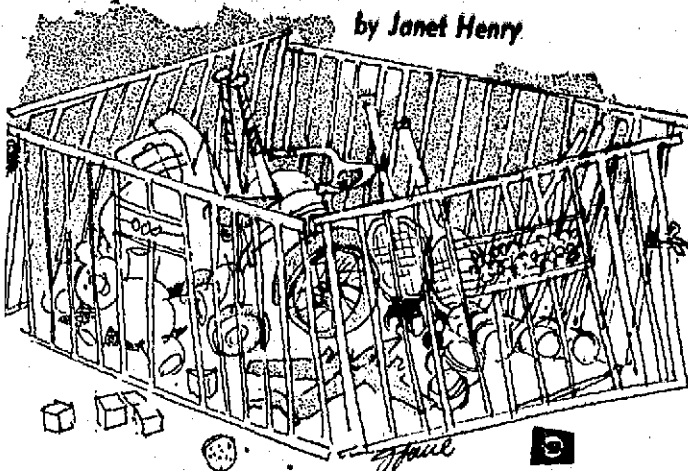

Mr. and Mrs. Cliff Deas and daughter of Odessa, spent the weekend with Mr. and Mrs. H. C. Kennedy and Patsy Mrs. Deas is the former Norma Morrison.

Mrs. James McLarty, Mrs. Glenice Porter and Miss Mary Louise Copeland went to DeQueen Sunday for a Wesleyan Service Guild executive meeting.

Mr. and Mrs. Hubert Anderson of Randle, Wash. are visiting Mr. and Mrs. Earl Cato. The men were buddies in World War I, and although they have kept up correspondence, this is the first time they have seen each other in 43 years.

## CATCH-ALL

by Janet Henry

The baby has learned to climb out of her pen,  
A feat I have dreaded since heaven knows when,  
Although I'll admit that the thing's a disgrace,  
Listing and sagging and taking up space.  
Matter of fact, I shall junk it the minute  
I think what to do with the stuff that is in it.

## DOROTHY DIX

Jean Harlow Lives Again For This Husband

By HELEN WORDEN ERSKINE

Dear Helen: As a kid, my husband's pin-up girl was Jean Harlow. Then he met me, a Jenny Wren compared to that bird of paradise.

When we married, he promised that I would be the only woman in his life. Now, after 25 years of Darby and Joan contentment, we are tobogganing straight to the matrimonial hell all because of a sexy, platinum blond in the toilet-goods department of the specialty shop my husband manages.

Whenever we pass her counter together, I see his face light up like a 16-year-old, but I didn't worry till she began coming to our church without her husband. She is surely getting religion in a big way. So is my man. He never takes his eyes off her during service. It reminds me of that line in the Bible about not lust after your neighbor's wife.

I have thought of telling our pastor but hate to start a scandal. I did tell our doctor. He says I will have a nervous breakdown if I don't quit fretting, but how can I quit when my husband acts like he was hypnotized? He reads your column. Should I divorce? I have been a good wife, keep house well and am a neat but plain dresser.

Disappointed Wife

Dear Disappointed: Your husband could lose his job and certainly his self-respect if he falls for this reincarnation of Jean Harlow. On these grounds alone, it is your duty to save him from himself. But you will never succeed as long as you operate on the theory of "Be good sweet maid and let who will be clever."

There is nothing so dull as a worthy wife.

Darby and Joan contentment you speak of is a poor substitute for real love between man and woman. No wonder your husband swoons at sight of a boyhood dream walking.

The surest way to awaken him to a far more satisfying relationship is to become the girl of his dreams, even though she is dated by Jean Harlow. Dye your hair platinum blond. Chuck the drab Jenny Wren feathers for exotic plumage. If nature hasn't given you curves, wear falsies. Give other woman may. Find out what perfume she uses. Douse yourself with it.

Dismiss all thought of divorce. The way of a lone, middle-aged woman is bleak. Make it your business to attract, not repel, and your husband will wonder why he

It was most interesting when the camera—sometimes in slow-motion—was following trapeze and high-wire performers. Generally, however, the program was not the incisive, imaginative sort of thing we have come to expect from the network's Project 20 unit.

ever broke his promise. This advice worked for a friend when confronted with a problem similar to yours, and it will work for you. The only difference is that she paid a famous psychiatrist thousands of dollars for what has long been a pet formula of mine.

Dear Helen: I am a 19-year-old kid with ideals, but you would never believe it to hear my family talk. In the face of their scoffing, I joined a Bible School and was graduated from there with honors, not that the family gave a whoop.

They attend church but criticize it, the members and, of course, me. When I didn't get a job right off, my sister threw a fit and even Mother hollered about my not working. I lost my temper, thus letting down Bible School standards, and shouted that I intended to join the Service. Everybody jeered. I never did get along well with my sisters or brother and am always threatening to leave home; so I suppose that is why they laughed. Being shy, I often feel the urge to run off where no one can find me. I could sign up for the service in another country. Nobody would be the wiser. Should I?—Mixed-up

Dear Mixed-up: You seem to think that everybody is out of step but yourself, which is not true. No matter where you flee the problem of how to get along with your fellow human beings is always with you. Unless you stay and conquer it on home grounds, your religious education will be for naught.

Cultivate a sense of humor. Learn to laugh with others at yourself. Stop moaning. Maybe Mom had a right to kick. At 19, you certainly should be earning your board and keep. If your family footed the bills at the Bible School, get busy and pay them back. Since religion appears to be your main interest, ask the principal of the school to help you find a job in the church of your faith.

Dear Helen: I am a 14-year-old girl who pines for a little fun. Why shouldn't I go out once in a while with boys of 16 or 17? They ask me but my parents always say no. I would be with a crowd of teen-agers, those of our neighborhood, who have played together since we were kids. On our block, all but I are allowed to go to dances, shows and restaurants afterwards as long as they remain together. Is that very wrong?

Faithful Reader

Dear Faithful: In the same mail with your letter came one from four high school girls, all of whom are pregnant. The quality of their letter indicates they have been well reared by loving parents who taught them the difference between right and wrong, yet here they are in trouble and

## Technicians Working Out Orbit 'Bugs'

By FRED S. HOFFMAN

CAPE CANAVERAL, Fla. (AP) — Space technicians, racing a new deadline, worked today to assure astronaut John H. Glenn Jr. a foolproof oxygen supply when he vaults into orbit.

As they replaced two key parts in the oxygen system, an apparently untroubled Glenn paced his own preparations for his rocket ride about the earth now planned, hopefully, for Saturday.

The National Aeronautics and Space Administration said late Monday the fourth postponement of this first orbital flight by an American was caused by trouble in the all-important oxygen system in the 4,000-pound spacecraft.

The technicians, working on the capsule atop a mighty silver Atlas rocket, were installing a new hose and a new device which regulates the oxygen flow into the astronaut's helmet.

NASA officials declined to say how long it would take to repair the oxygen system. After that job is done, the technicians must make painstaking checks to be certain the trouble has been licked.

NASA spokesmen refused to speculate how much more of a delay would be required if the shot cannot meet its Saturday target date.

Glenn, 40, a Marine lieutenant colonel, altered his preflight routine in one way—he temporarily abandoned a low-waste diet to which he shifted on Sunday in anticipation of a takeoff Wednesday morning.

This day Monday was a full one. Wearing his silver-coated pressure suit, Glenn "flew" a simulated 12 miles to the hospital at Patrick Air Force Base. There, he underwent the first half of a failed preflight physical. Doctors gave him brain wave tests, checked his eyes, ears, nose and throat and examined his heart.

On Thursday, Glenn will take the other half of an exhaustive physical which NASA officials said is part of the routine planned for this flight.

The space agency hopes Glenn will be able to make three trips

loathe to hurt their families, all because they couldn't, as one puts it, "control their emotions." In other words, though mature physically, they were still undeveloped mentally, certainly as far as experience went. Do as your parents say. They have only your welfare at heart.

Send your problem to Helen Worden Erskine, care of this newspaper. Be sure to enclose a stamped, self-addressed envelope. Helpful leaflets available. Write for "What Age for Dating."

## Grower's Vote on Rice Quotas

WASHINGTON (AP)—Growers vote in a referendum today on a proposal to continue federal marketing quotas on this year's rice crop. The controls require approval by at least two-thirds of those voting.

Quotas would be based on production on 1,817,686 acres allotted growers. The rice states are Arizona, Arkansas, California, Florida, Illinois, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma, South Carolina, Tennessee and Texas.

Quotas on last year's crop were approved by a 91.2 per cent favorable vote.

Other crops to be sold under quotas this year include wheat, cotton, major types of tobacco and peanuts.

A variety of perching birds rub their feathers with live ants. So do the wrenneck, green woodpecker and species of parrots.

## Man Killed at KCS Crossing

SULPHUR SPRINGS, Ark. (AP) — A Kansas City Southern freight train struck a car at a crossing here Monday, killing one man and injuring two others.

Bobby Lee Harrison, 21, was dead on arrival at a Gravelle hospital. His father, Leonard Harrison, 42, and a brother, Ronald Harrison, 18, were seriously injured.

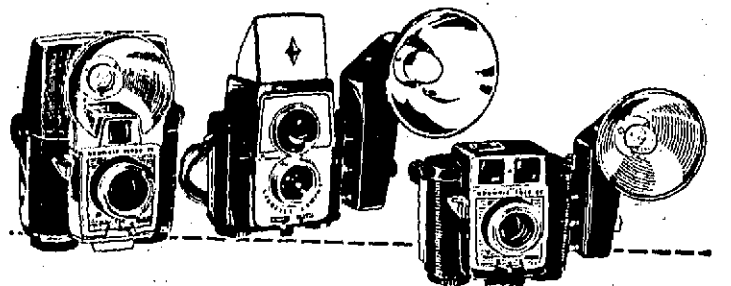

The three were from Sulphur Springs. The father was driving, State Police said, and reported that he did not see the train in time to stop.

The engineer, Pat Coyle of Pillsburg, Kan., was quoted by police as saying the car moved onto the tracks and seemed to stop. There is no flashing signal at the crossing.

O. C. Francis, Commercial Oil Transport, & Caribbean National Corporation, Overweight. Forfeited \$46.15 cash bond.  
Robert Rhen, Sherry Craig, Obtaining money under false pretense. Dismissed on payment of \$21.15 costs.

## Hepatitis Close Schools at Rison

RISON, Ark. (AP) - Cleveland County schools today cancelled school sponsored public gatherings for an indefinite period because of an outbreak of infectious hepatitis.

The only exception was at Woodlawn, where it was decided to hold the county basketball tournament as scheduled this week, unless bad weather interferes.

Rison High School decided to permit its basketball team to play away games but said all home games would be postponed for the time being.

Woodlawn postponed tonight's scheduled game with Rison but decided to go ahead with the tournament. New Edinburg cancelled all public gatherings for "a couple of weeks."

Dr. John Hesson, a Rison physician, asked the Red Cross and state Health Department Saturday to help combat the outbreak.

Hesson said most cases of the liver disease apparently were of a mild nature, but that he had asked the Red Cross for enough gamma globulin to inoculate those who had contact with the disease in order to avert a possibly serious situation. He estimated there were about 30 cases of the disease in the county.

The Red Cross said the serum had been supplied.

Dr. William L. Bunch, director of the Division of Communicable Disease Control of the state Health Department at Little Rock, said he planned to visit Cleveland County today to investigate the situation.

He said the gamma globulin from the Red Cross would provide temporary immunity to the disease.

## Vocational School Committee Named

LITTLE ROCK (AP) - Gov. Orval E. Faubus named an advisory committee today to select location for the state's second vocational technical school.

Committee members are State Rep. G. T. Smith of Lincoln County, Sen. Knox Nelson of Pine Bluff, Lewis Johnson of Little Rock, Cleo Cheek of Atkins, R. L. Webb of Little Rock, Jack Jumper of Conway and Mrs. Roy B. Hall of Little Rock.

The legislature earmarked \$275,000 for a new trade school as part of a \$23 million state building program set up at two 1961 special sessions. The first school, authorized in 1957, is in Pine Bluff.

Faubus said he had pointed out that since the first school was located south and east of Little Rock the second probably should be north and west of the capital.

A similar advisory committee picked the site for the first school.

## Fair Commission Member Named

LITTLE ROCK (AP) - Gov. Orval E. Faubus appointed James B. Sharp, a Brinkley business man, today as the first member of a five man World's Fair Commission.

The group, when its membership is complete, will supervise placement and financing of an Arkansas exhibit at the 1964-65 World's Fair in New York.

Sharp, one of about 75 business leaders who voted at a recent meeting to proceed with plans for the exhibit, said he was sure the commission would work closely with the Arkansas Industrial Development Commission and the Publicity and Parks Commission.

Faubus has asked Winthrop Rockefeller, AIDC chairman, and L. C. Dial of Brinkley, Parks and Publicity agency head, to help him select the new commission.

Rockefeller has estimated cost of the exhibit at \$1.25 million.

## Postol Nominations

WASHINGTON (AP) - President Kennedy sent to the Senate today 271 postmaster nominations, including:  
Harrison, Ark., William C. Capps.

## Quick Action on Two New Divisions

### WASHINGTON (AP) - The Army announced today it will bring the first of its two new regular divisions into existence early next month and the second one in March.

This is earlier than originally hoped for, a spokesman said.

It means the 1st Armored Division will join the present 14 regular divisions followed soon by the 5th Infantry.

Commanders of the two divisions also were announced.

Brig. Gen. Ralph H. Haines, Jr., now assistant division commander of the 2nd Armored Division, will command the 1st Armored, at Ft. Hood, Tex.

Selected for command of the 5th Infantry is Brig. Gen. Ashton H. Manhart, presently chief of the Training Center at Ft. Carson, Colo. The 5th Division will be based at Ft. Carson.

Both have been nominated by President Kennedy for promotion to major general rank.

The new divisions will be larger than existing organizations. At full strength, the 1st Armored will have 15,593 men and officers, compared with a present average strength for an armored division of 14,600. The 5th Division, which will be mechanized, will have 16,119, compared with about 13,700 for similar existing divisions.

The nucleus from which the 1st Armored Division will be formed is Combat Command "A" now stationed at Ft. Hood.

## Indonesia Would Like Settlement

### By PETER ARNETT

JAKARTA, Indonesia (AP) - President Sukarno reiterated today that Indonesia will welcome a peaceful settlement of the dispute with the Netherlands over West New Guinea. He also insisted again that any negotiations with the Dutch must be based on the transfer of the disputed territory's administration to the Indonesians.

Sukarno spoke during the installation of a new air force chief of staff, Air Vice Marshal Omar Dani. He replaces S. Suryadarma, who has been named military adviser to Sukarno.

Many of Indonesia's 96 million people have been shocked by the crisis over West New Guinea into taking a sober look at the affairs of their island republic.

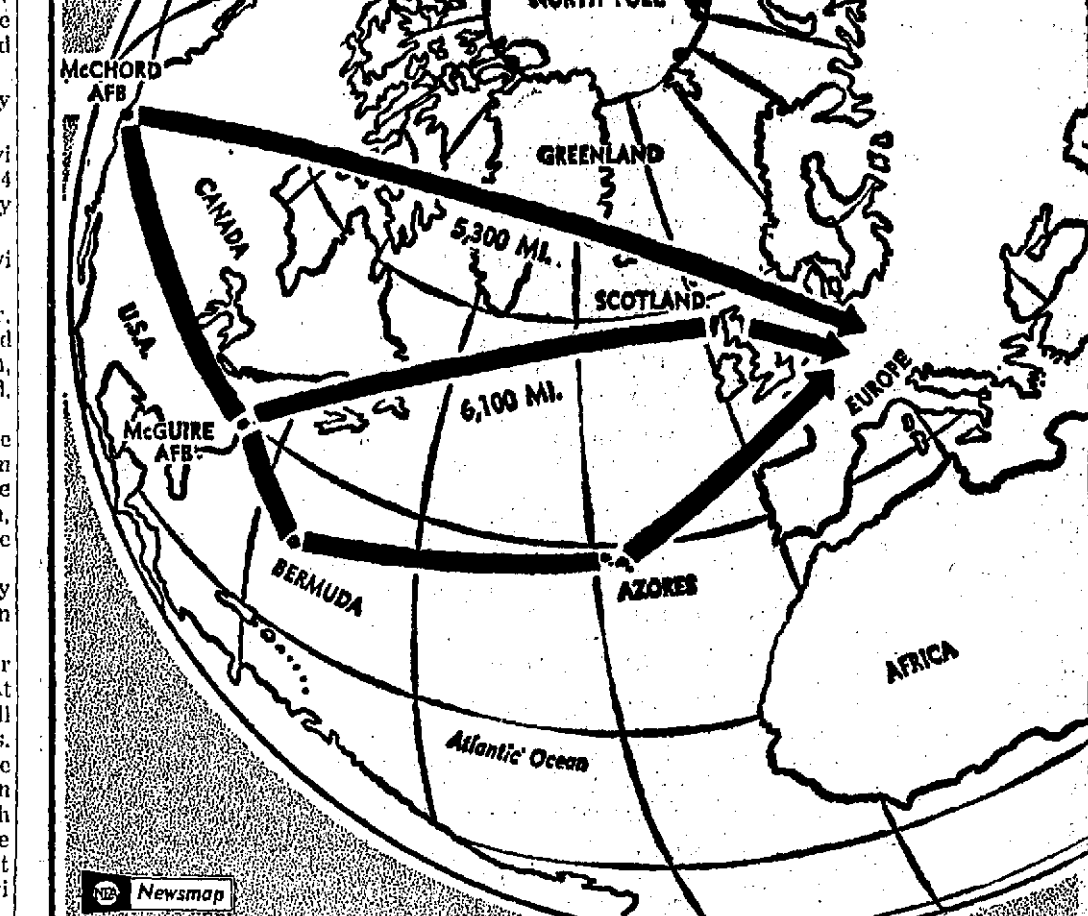

A chain reaction of misadventure and political turmoil has rocked the Socialist republic in the past two weeks.

Events have included:  
Jan. 7: Assassins made a grenade attempt on the life of Sukarno in Makassar, killed five persons and injured 27. Sukarno blames the attack on Dutch-inspired agents.  
Jan. 15: Dutch warships sank an Indonesian torpedo boat off the coast of West New Guinea.  
Jan. 17: Two former prime ministers and two former foreign ministers were arrested in Jakarta. Arrests of political opponents of Sukarno continued for three days.  
Jan. 20: Suryadarma was replaced as chief of the air force. Although he was made a presidential adviser, the change was believed due to unrest within the air force.

The events have confused the Indonesian public.

Political observers in Jakarta detect a slowing of the "Free West Irian"-West New Guinea-enthusiasm that Sukarno generated among his people.

## AN ATLANTIC AIRLIFT OVER THE ARCTIC

**NORTHEAST PASSAGE**-In a first-of-its-kind operation, a few hundred American soldiers will be jetted to Europe over the Arctic in a 10½-hour, nonstop flight. They are part of a 6,000-man contingent from the 4th Infantry Division at Ft. Lewis, Wash., being flown to West Germany to take part in "Exercise Longthrust II" maneuvers. The bulk of the troops will leave McChord AFB in jets and piston planes and fly across the U.S. to McGuire AFB, N.J., where they will refuel (see Newsmap). Then one section will take the North Atlantic route via Scotland, the other the mid-Atlantic route via the Azores. The polar route, passing within 1,600 miles of the North Pole, will save about 800 miles.

## Woman to Trial in Child Slaying

JONESBORO, Ark. (AP) - Section of a jury in the trial of Mrs. Mary Lou Jensen, 19, charged with second degree murder in connection with the death of her 19 month old stepdaughter Dec. 31, 1960, began in Craighead Circuit Court.

The state contends that Mrs. Jensen killed her stepdaughter Christine with blows. Mrs. Jensen contends the child died of injuries from a fall down a stairway.

Mrs. Jensen pleaded innocent to the charge after her indictment in April, 1961, by the grand jury. The case was originally set for trial during the fall court term, but Mrs. Jensen failed to appear in court.

She was turned to custody Nov. 17 last year and has been in Craighead County jail since that date under \$15,000 bond.

## Burglars Get \$1,600 at Store

BATESVILLE, Ark. (AP) - Burglars broke into a rural store at Bethesda, 13 miles west of here, Sunday night and escaped with an estimated \$1,350 to \$1,650 in cash and checks.

Owner D. W. Porter told Sheriff John Davis that \$700 to \$900 in cash and \$600 to \$700 in checks was taken from a safe and \$50 in change from the cash register. Porter said the thieves also took 50 cartons of cigarettes.

Davis said entry was gained by breaking open a rear window. The safe then was smashed with chisels and crowbars, he said.

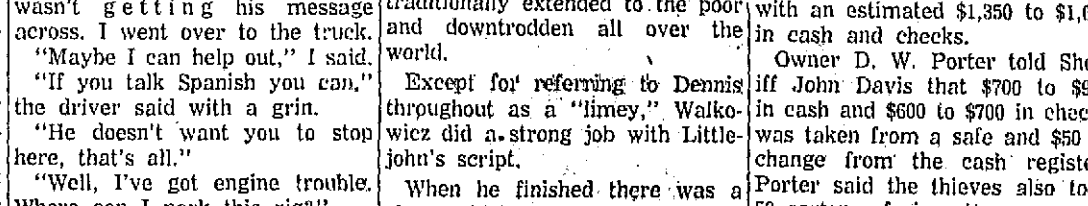

## Injuries in a Fall Are Fatal

LITTLE ROCK (AP) - Mrs. Maxine Blytheville Kaufman, 63, of Monticello, died in a hospital here today of injuries suffered in a fall at the Monticello First Baptist Church Sunday.

Mrs. Kaufman, secretary of the church for 14 years, caught her heel in a rubber mat and fell back against a concrete post, Drew County Coroner Raymond Stephenson said.

# Ohio State Has No Trouble With Purdue

By SHELDON SAKOWITZ  
Associated Press Sports Writer

The shooting and rebounding skills of Ohio State's Jerry Lucas have been taken for granted but there has been a tendency to underestimate his defensive ability.

The Buckeyes' 6-foot-8 tower of talent displayed his guarding prowess Monday night by holding Terry Dischinger of Purdue, the Big Ten's top scorer for two seasons, to nine points in a duel of All-Americans.

Ohio State, the nation's top-ranked college basketball team, easily disposed of the Boilermakers 91-65 for its 14th straight victory this season. The Buckeyes' triumph also was their 29th in a row at home. Their last setback in Columbus was inflicted by Purdue in 1959.

Lucas completely dominated the 6 foot 7 Dischinger, who had held the upper hand in their two previous meetings. Lucas tallied 32 points and snared 25 rebounds. Dischinger, the Big Ten's leading scorer, played with an injured finger on his shooting hand.

Action was light on the basketball front Monday night with most of the schools busy with examinations. In other games involving major teams, Maryland edged Miami (Fla.) 71-68, Michigan State whipped Minnesota 84-79, Stanford turned back Washington State 67-51, and East Tennessee State downed Murray (Ky.) 91-72.

Dischinger's nine points tied his career low. He also missed his first free throw attempt to snap his string of 29.

Maryland squandered a 17-point lead but rallied in the closing minutes to carry the verdict over Miami on the losers' floor. With three minutes to play and Maryland trailing, Scott Ferguson came off the bench and scored two baskets to give the Terps a 66-64 advantage.

Michigan State withstood a second-half surge by Minnesota in posting a home door victory and second Big Ten success in six outings.

## Doug Ford Wins Crosby Open Money

By JACK STEVENSON  
Associated Press Sports Writer

PRIBBLE BEACH, Calif. (AP) — Veteran Doug Ford, 39, checked the rush of golf's onerous youth brigade as he captured the \$50,000 Bing Crosby Golf Tournament title in a sudden death play-off after whipping miserable cold weather en route to his crown.

The former Masters and PGA champion from Vernon Hills, N.Y., went 71 holes before he finally caught collegiate champion Joe Campbell Monday in the snow-delayed finals.

They finished the 72 holes all even at 286 and went on to the first extra hole. If Campbell had won, it would have continued the youth dominance for 1962 that started when Phil Rodgers won the Los Angeles Open and Tommy Jacobs followed with a triumph at San Diego.

Neither Ford nor Campbell hit the green on the 385-yard, par-four hole. The ex-Purdue athlete, from Pendleton, Ind., who had led from the opening day, was in the fringe at the front edge of the green. He tried a putter and left his ball six feet from the cup.

Ford's second shot hit a grassy embankment, bounced off a woman spectator's leg and into a trap. He wedged out of the trap within five feet of the hole. Campbell missed his putt, and Doug calmly tapped a perfection downhill stroke with a four-inch break. When it dropped, Ford had \$5,300.

"I was doing so poorly that I didn't think it paid me to come out here," Ford said. "I didn't make the cut in Los Angeles and didn't make a dime in San Diego."

In addition to his first prize as low pro, Ford collected \$1,000 for a fourth-place finish with partner Dudley Wyson of McKinney, Tex., in the pro-amateur. It was the first Crosby for Wyson, who went to the finals in the 1961 National Amateur before losing to Jack Nicklaus over the same Pebble Beach course.

Nicklaus, now a pro, won money for his third straight tournament, collecting \$450 for a 76-296.

Left-handed Albie Pearson, the 5-foot-5 outfielder for the Los Angeles Angels, helped his partner Bob McCallister of Yorba Linda, Calif., to a \$3,000 check as winners in the pro-amateur category. The baseball player, with a 10-

stroke handicap, aided 45 strokes in the winning 255 score.

Rodgers finished third here with a 228, two strokes off the pace. Both he and Ford carded two-over par 74s. Campbell had a 76 and after the playoff, a check for \$3,400.

The Seminole Indians have built a large arts and crafts center and an office building for tribal officials on a reservation near Fort Lauderdale, Fla.

Honorable Mention  
BOSTON (AP) — Springfield, Ark., received honorable mention in the 5,000 to 19,000 population bracket in the National Fire Protection Association's annual fire prevention contest. The awards, announced today, are based on year-round efforts to reduce fires and to educate the public in fire safety in the home and on the job.

The Seminole Indians have built a large arts and crafts center and an office building for tribal officials on a reservation near Fort Lauderdale, Fla.

stroke handicap, aided 45 strokes in the winning 255 score.

Rodgers finished third here with a 228, two strokes off the pace. Both he and Ford carded two-over par 74s. Campbell had a 76 and after the playoff, a check for \$3,400.

# No Change in National Cage Ratings

By THE ASSOCIATED PRESS

Unbent Ohio State unanimously maintained its lofty position as collegiate basketball's No. 1 major team today in the weekly Associated Press poll.

The mighty Buckeyes (13-0) received all 42 first-place votes in the balloting of the special panel of sports writers and sportscasters from coast to coast. Ohio State collected 420 points on the basis of 10 for the first place, 9 for second, etc. The voting is based on games through last Saturday.

Jerry Lucas and Co. played just one game last week, defeating Minnesota 90-76 Saturday night.

There was very little shuffling in the rest of the top 10.

Kentucky (13-1) remained second with 366 points, Cincinnati (13-2) continued third with 333 points and Kansas State (13-2) stayed in fourth with 268 points.

Kentucky beat Tennessee 95-82 in its lone outing. Cincinnati posted victories over Dayton, 80-61, and Duquesne, 62-54, while Kansas State turned back Missouri 69-66.

Southern California (12-3) advanced from sixth to fifth even though the Trojans were idle. Duquesne (13-2) dropped a notch from fifth to sixth after its loss to Cincinnati. The Dukes did beat Toledo 80-57 and St. Vincent (Pa.) 85-33.

The top 10 teams with first place votes in parentheses:

1. Ohio State (42)
2. Kentucky
3. Cincinnati
4. Kansas State
5. Southern California
6. Duquesne
7. Duke
8. Bowling Green
9. Bradley
10. Mississippi State

Others receiving votes (not necessarily in order of points): West Virginia, Utah, Villanova, Wichita, Oregon State, Purdue, Stanford, Arkansas, Chicago, Loyola, Wisconsin, Illinois, Arizona State, Centenary.

demination of Cuba would dim President Kennedy's chances of getting the initial \$3-billion appropriation he seeks from Congress for the Alliance for Progress.

The Brazilians doggedly sought backing for the notion that the OAS would defeat its own purposes and drive Cuba irrevocably into the Soviet camp unless the Castro regime is given a chance to assume an entirely neutral position in inter-American affairs.

Haiti dealt a stiff blow to hopes for penalties against Cuba. Any action requires a two-third majority—14 of the 21 members. As one of the 13 OAS members which has broken ties with Cuba, Haiti was counted on to back strong action.

Haiti suddenly switched to the side of such big nations as Argentina, Brazil, Mexico and Chile in advocating a soft approach. On the other side, Guatemala, an advocate of strong penalties, threatened to walk out on the conference if Cuba gets nothing more than a reprimand. The five other Central American nations were reported in a like mood.

The noted linguist Mario Pei has pointed out that Swahili translation of the first five books of the Bible contains fewer words than the Hebrew version and a surprising lack of distortion.

The deadlocked involved sharp differences of approach between big Latin-American nations advocating a soft policy toward Cuba and smaller ones feeling Castro pressure acutely and anxious for quick, positive action.

The impasse plunged the foreign ministers of the Organization of American States into complex quarrels that clearly threatened hemispheric unity. However, hopes were expressed that the broad differences of opinion would be glossed over by some compromise formula.

At Brazil's urging, today's formal sessions were pushed back until 8 p.m. to permit another round of hotel room bargaining. The Brazilian and Argentine delegations arranged a number of sessions in the hope a steady exchange of ideas would bring a meeting of minds, particularly with the smaller nations urging strong action against Cuba.

As others wrangled, the Cubans remained in the background, more and more confident they would emerge from the meeting unscathed.

In Havana, Castro predicted failure for the conference. He declared in a TV speech Monday night that Cuba would never accept "sanctions or condemning declarations" from the Inter-American conference. He asserted that any anti-Cuban action taken by the OAS might be a spark igniting revolutions throughout the hemisphere.

The spotlight here focused on Argentina and Brazil, Latin America's largest, most powerful nations.

Argentina seemed to be gaining more support for a compromise formula envisioning denunciation of Castro but short of such mandatory collective punishment as the rupture of diplomatic and economic relations.

Evidently attempting to salvage at least a minimum objective, the United States quietly placed its authority behind the Argentine approach. Anything less than con-

# Pocahontas Seeks a Second Bank

LITTLE ROCK (AP) — The state Banking Commission has taken under advisement an application for a second bank at Pocahontas.

The commission deferred action on the request Monday because one commissioner, Shelby Ford of Springdale, was absent.

At the board meeting, residents of Pocahontas and Randolph County testified that the area had expanded and a second bank would help development.

Officials of the existing Bank of Pocahontas testified that their bank is meeting community needs.

The proposed bank, to be called the Planters and Stockmen Bank of Pocahontas, has an initial capital of \$300,000.

Angelo to Bakersfield alternately closed and opened as drifts formed and were plowed away.

Stormy weather also hit sections of the South but unseasonably mild weather prevailed in most of the Southeast.

A broad belt of rain or drizzle, with sleet along the northern edge, spread through most of southern and eastern Texas northeastward to West Virginia and southern Pennsylvania.

Heaviest precipitation was from northern Louisiana and southeastern Arkansas to southern West Virginia and eastern Tennessee.

Freezing rain made driving conditions hazardous in western Tennessee. Some fog shrouded areas from southeast Louisiana along coastal areas into Florida.

Colder weather was expected to extend into the Carolinas and northern Florida by Wednesday.

Snow flurries fell in the cold air over the Great Lakes and in parts of New England. Snow flurries and rain drenched areas of Arizona and New Mexico.

Coldest weather was centered in the northern Rockies and central sections of the Plateau states. Temperatures were mostly below zero, dropping to more than 20 below in parts of Idaho.

Early morning temperatures ranged from -22 in Pocatello, Idaho, to 75 in Key West, Fla., and 74 in West Palm Beach, Fla.
